

Gardens of Remembrance

Except for memorials that feature individual vases, such as Granite Memorial Vases, Sanctum units, Family Niche Memorials, Niche Memorial Vases and Flower / Cremorial Vases, all flowers and potted plants are to be placed in the cloisters behind the crematorium.

Flowers placed on memorials must not encroach onto adjacent memorials and any additional items placed by a memorial must be within the confines of the memorial, be stable and made from a shatter resistant material.

To help us keep the gardens safe and maintained to a high standard plants, ornaments, artificial flowers, bulbs, or other non-approved items will be removed and stored for collection.

For reasons of safety, glass jars/vases, or other breakable items, are not permitted on any memorial, or, indeed, anywhere within the Gardens of Remembrance.
