## Orton Children's Centre Library Scheme

Would you like to read with your child more at home but don't have the variety of books. Why not become a member of Orton Children's Centre library and spend some time looking at the books in the centre before borrowing some to take home and read at your convenience.

Bookstart have provided the Children's Centre with some books to get us started and we will be offering story sacks and books that we already have to give you a choice of stories. We will soon be creating a library area within the centre to make reading with your child comfortable and exciting.
