

The Subscription Package

The Governor Service exists to meet the training and development needs of individual governors and governing bodies in line with government legislation and guidance.

The subscription to the service costs £41 per governor, multiplied by the number of governors detailed on the school's instrument of government, and covers the period 1st April 2009 to 31st March 2010. The schedule of costs for development sessions for subscribing and non-subscribing schools is detailed below. The full list of charges of our services is available on the website or through the Governor Services Team.
