

Is it for me?

- **Yes!** Car sharing could prove to be the answer to the lack of parking, congestion and spiralling motoring costs. Giving one person a lift could halve your fuel costs and save you around £1000 a year.
- You are in complete control. All your personal information will remain hidden – the only information visible to others is your first name.
- You specify where and when you travel and the type of person you'd like to travel with (eg non-smoker/male or female/from your workplace only etc).
- Guidance on safety, etiquette and charging is available on the website along with other FAQs.

What is car sharing?

Car sharing is simply where two or more people travel together in the same car. It includes informal journeys where friends, family or colleagues travel together and also those that have come together specifically to car share and that probably wouldn't have otherwise met.

You can car share regardless of journey length or frequency. It is becoming an increasingly popular way to travel to work, school, to the shops and for leisure.

If half of UK motorists car shared one day a week, congestion would be reduced by 20%

Why car share?

Traffic congestion affects our environment, our health, our quality of life and the economy. It is therefore important we take action now to reduce the impacts. Car sharing is one way that the traffic on Peterborough's roads can be reduced.

In order to make it as easy as possible for you to car share, Peterborough City Council, in association with Liftshare, have developed a car sharing database.

It's completely FREE to join and use and you don't need a car to take part.

Benefits for you...

SAVE MONEY on petrol and parking costs

SAVE TIME by reducing congestion

REDUCE car parking pressures

REDUCE environmental pollution

MEET new people

Its simple...

1 Log on to www.travelchoice.org.uk

2 Click on the 'Share it' icon

3 Register your details and enter your journey/s (where you are going to and from, when and how often)

4 Search for a match

If you don't find a match within Peterborough, you can widen your search to the whole of the UK. The system will log your journey and notify you when a suitable match is found.
