Consultation started: 28 Nov 2016 — Consultation ended: 16 Jan 2017

When will results be available: At the end of the consultation period

Our existing adopted housing strategy 2011-2015 has reached the end of its lifespan, so we have prepared a new draft housing strategy. This strategy sets out our priorities, commitments and programme for the period 2016 to 2021 for a wide range of housing matters, including rural issues.

We have identified four key priorities for the Peterborough housing agenda:

- > How we will support substantial and sustainable growth in Peterborough
- > How we will increase the supply of homes which people can afford
- > How we will improve housing conditions in Peterborough to support health and wellbeing
- > How we will ensure that a range of supported and specialist accommodation is available in Peterborough

On 7 November 2016 Cabinet approved the draft housing strategy 2016-21 for public consultation to ensure that all stakeholders and partners have an opportunity to influence the final report.
