Consultation started: 23 Oct 2017 — Consultation ended: 23 Dec 2017

When will results be available: 31 Mar 2018

The Peterborough Health and Wellbeing Board (HWB) are looking at whether there are enough providers of pharmaceutical services for the population of Peterborough. Pharmaceutical services include filling prescriptions, selling medicines that don't need to be prescribed by a doctor, giving advice about medicines, supporting people to quit smoking, and other services.

There is a report called a Pharmaceutical Needs Assessment (PNA) based on information about local health needs and existing services and results of a survey with local pharmacies and GP dispensaries. This report will be used by NHS England when making decisions on applications to open new pharmacies.
