Consultation started: 2 Aug 2019 — Consultation ends: 29 Sep 2019

When will results be available: At the end of the consultation period

The open call is for suggestions for inclusions outside of Conservation Areas and/or historical railway infrastructure.

The purpose of a local list is to highlight the many buildings and features within the historic environment, which although do not meet national criteria for being "listed buildings" do make a significant contribution to the historic, architectural and social character of the district. These buildings and features are considered non-designated heritage assets, and remain so once/if they are included within the list of "Buildings of Local Importance in Peterborough" (Local List).

The local list does not provide any additional statutory controls. The list is advisory and symbolic only and does not provide the Council with extra powers.

Responses to this consultation are welcomed and will be taken in to consideration for the final report.
