Residents could save an average of £221* on their energy bills with new local energy partnership, Peterborough Energy. Formed by Peterborough City Council and award winning national supplier OVO Energy, Peterborough Energy aims to save residents money by offering competitively priced, fair tariffs.

Peterborough Energy is holding an event in the city centre on Monday 15 June where residents can learn more about the tariffs, receive estimates of how much they could save and find out how to sign up for the tariff if interested. The event will run from 11.45am outside the Town Hall, Peterborough.

Three lucky residents that sign up to the tariff will also each win Queensgate shopping centre vouchers worth £221. Terms apply*

Peterborough Energy is Peterborough's own energy plan. It is exclusively available for residents within the Peterborough City Council boundary.

Peterborough Energy customers will benefit from:

- > On average, potential savings of £221 on pay monthly tariffs
- > An interest reward of three per cent on all credit balances*
- > No exit fees*
- > Hassle-free switching
- > Award winning customer service from supply partner OVO Energy, Supplier of the Year in the uSwitch Energy Awards 2014
- > A refer a friend scheme where you and a friend can claim a £20 Amazon voucher each*
