

You are here: > [Home](#) > [News](#) > [Health and Social Care](#) > Help shape local health services to be fit for the future

Find out about and give your views on the challenges local health services are facing at one of five 'Saturday Cafés' this summer.

The Fit for the Future – Shaping Local NHS Services cafés are being held across Cambridgeshire and Peterborough.

Drop in and help yourself to tea, coffee and light refreshments, chat with members of the local NHS System Transformation Programme team, 'leaf' your thoughts on the 'View Tree' and complete a feedback form.

The Peterborough Café is being held on Saturday 27 June at Almoners Hall, Peterborough Cathedral, Minster Precincts, Peterborough, PE1 1XS.

The cafés are part of the local NHS System Transformation Programme, which involves NHS organisations across Cambridgeshire and Peterborough, alongside Cambridgeshire County Council, Peterborough City Council and local Healthwatch organisations.
